Bengaluru, India | [sweekar2002@gmail.com](mailto:sweekar2002@gmail.com) | +91 7259591108 | [LinkedIn](#)

## Summary

**Software Developer | Java Spring Boot | React | REST APIs | MySQL | PG-DAC graduate**

Full-Stack Developer with hands-on experience building scalable web applications using Java, Spring Boot, React, and MySQL. Developed real-world projects with secure authentication (JWT), concurrent booking systems, and RESTful APIs, familiar with Microservices architecture. Strong in problem-solving, data structures, and backend system design. Passionate about building scalable backend systems and solving real-world problems.

## Technical Skills

**Languages:** Java, JavaScript.

**Backend:** Spring Boot, Hibernate, REST APIs.

**Frontend:** React.js, HTML, CSS.

**Database:** MySQL.

**Tools:** Git & GitHub.

**Concepts:** OOP, JWT Authentication, MVC Architecture, RESTful Design, Basics of Microservices.

## Professional Experience

**Software Engineer | Unacero Technology Pvt Ltd**

Mar 2026 — Present

- Developed and enhanced backend services using Java and Spring Boot for manufacturing and inventory management applications, supporting day-to-day business operations.
- Designed secure REST APIs and implemented JWT-based authentication and role-based access control, improving application security and user management.
- Optimized MySQL database queries and backend workflows, reducing API response times and improving overall system performance.
- Collaborated with cross-functional teams to deliver new features, resolve production issues, and ensure reliable deployment of scalable web applications.

**Junior Design Engineer | Promac Engineering Industrial Ltd, Bengaluru**

May 2024 — May 2025

- Collaborated with cross-functional teams to analyze requirements and deliver technical solutions.
- Worked on technical documentation, estimation, and problem-solving in real-world projects.
- Strengthened analytical thinking and ability to work in deadline-driven environments.

## Projects

**Smart Waste Management System with IoT Simulation**

- Platform:** Java, JavaScript, Spring Boot, Hibernate, React, MySQL
- Developed IoT-based waste monitoring system with simulated smart bins using Spring Boot and React.
- Designed dashboards for real-time monitoring of multiple simulated IoT bins.
- Built REST APIs for real-time bin status tracking and alerts.
- Designed admin and worker dashboards for efficient waste management operations.
- Integrated backend with MySQL for scalable data handling.
- Project Repository:** <https://github.com/Hostsiku/CDAC-Project.git>.

## Pickleball Court Booking System (Full-Stack Web Application)

- **Platform:** React.js, Spring Boot, Java, MySQL.
- Built a **full-stack** scalable booking platform using Spring Boot, React, and MySQL handling concurrent slot bookings.
- Designed and implemented **JWT-based authentication** with **role-based access** (Owner/User), improving security.
- Engineered **conflict-safe booking system** using **transactional consistency**, preventing double bookings under concurrent requests.
- Developed dynamic pricing engine (weekday/weekend) increasing system flexibility.
- Created **REST APIs for booking**, cart, and venue management used across frontend dashboards.
- Improved user experience with **real-time slot updates** reducing booking conflicts.
- **Project Repository:** <https://github.com/Hostsiku/Pickleball-Court-Booking-Platform>.

## Education

---

### PG-Diploma (PG-DAC)

August 2025 — February 2026

Completed my Post Graduate Diploma in Advanced Computing with **73%** in CDAC Bengaluru.

### Bachelor's

August 2021 — May 2024

Completed my Bachelor's degree with Mechanical engineering major with **8.36 CGPA** in Dayananda Sagar College of Engineering, Bengaluru.

### Diploma

August 2018 — May 2021

Completed my Diploma degree with Mechanical engineering major with **85.8%** in K L E Society's C B Kore polytechnic, Chikkodi.

### Class X

July 2017 — May 2018

Completed my 10<sup>th</sup> class major with **86.4%** in New Secondary School, Bhoj.

## Problem Solving

---

- Solved 100+ DSA problems on LeetCode / HackerRank.
- Strong in Arrays, Strings, Recursion, Hashing, Trees.
